## Academy Values Ethos and Vision

### Values

We nurture positive relationships.

Our uniqueness and respect for others enables us to share our positivity within school, the local community and the world beyond.

We all have a part to play.

We are productive learners

Our engaging learning environment and curriculum encourages challenge, independence, curiosity and investigative learning. We work as a team so that productive learning goes beyond the classroom to families and home learning.

Every second counts.

We are proud of ourselves and our school

Our community allows us to celebrate heritage and a rich cultural diversity.

We have high aspirations and care for our learning environment.

Only the best will do.
